**MOUNTAIN OF MADNESS** is the third and final map section and very much entrenched in the Monria Cthulhu Mythos-themed official lore. The village of Larches Green was inspired by historical lore and the great exodus from Teaksbury on Earth by Decca, Leader of the Cult of Shut'thend, who has a specific agenda to take back control of Monria, and extend that control to DSEC9 and Planet Toulan. The focus of the dynamic events is to encourage group play and team work toward gaining rewards.
